

Live **Click-and-Buy** in Sept '19

Welcome to the world of DAIMANI

The DAIMANI marketplace connects official providers of VIP Hospitality packages with corporate or individual customers. We're committed to offering as many Live Event Hospitality options worldwide as possible, at the best available price. We already serve our customers in seven different languages, and we will add more in the future. A friction-free click-and-buy marketplace will go live in September 2019. Until then, we're offering events upon request.

For individuals

DAIMANI is a real-time purchasing marketplace that aggregates all major official VIP Hospitality Experiences. You can browse the world of VIP Hospitality using a single account and make purchases with the convenience and security you expect.

For corporates

Looking to purchase official VIP Hospitality packages? DAIMANI offers you access to our unique global marketplace. Our bespoke procurement and guest management tool ensures full compliance with the latest standards and regulations, giving you peace of mind and unrivalled choice.

For event & rightsholders

DAIMANI is not a rightsholder; you are the rights holder. DAIMANI is both a marketplace that aggregates official Live Event Hospitality from around the world, and a sales tool for you.

Who we are

In 2018, six founders – all senior professionals from the VIP Hospitality industry – came together with a collective idea: there has to be a better way to do this! The DAIMANI marketplace is the result of their combined experience and expertise.

What service means to us

We know how much this purchase means to you. So at DAIMANI, we use the very best that technology has to offer, without forgetting how important a friendly voice can be. Someone is always available by phone, email or online to provide detailed advice and help you with any problems.

Daimani App

The DAIMANI App places the power of DAIMANI in your hands, giving you 24-hour access to your account. It doesn't get more convenient than that.

Best available price

The DAIMANI marketplace displays the VIP Hospitality packages at the best available price. No booking fees or credit card fees.

E-Ticket

DAIMANI is committed to improving and streamlining the VIP Hospitality Experience. We therefore offer e-tickets through the DAIMANI App whenever possible.

Change of plans?

We know that sometimes plans change. DAIMANI offers a pioneering service that allows you to cancel VIP Hospitality packages with no questions asked and you receive a full refund on your purchase. Terms and conditions apply.

The language you speak

As part of our commitment to making the purchasing process as easy as possible, DAIMANI operates in all major languages: French, German, Spanish, Russian, Chinese, Arabic and English. And it makes us the first company in the VIP Hospitality industry to embrace the diversity of our global audience.

Payment convenience

Everything about DAIMANI is built on the principle that one size does not fit all. The same goes for the payment methods we accept. We're fine with any preference you have, because if it's convenient for you, then it's convenient for us too.

How we work

DAIMANI is the bridge connecting the two sides of the VIP Hospitality experience. We are an open-access, independent marketplace matchmaking official event holders and customers. We are also a community of VIP Hospitality professionals and like-minded clients happy to be travelling in the same direction.

Global portfolio of events

We are committed to offering the world's most extensive marketplace for Live Event Hospitality experiences. As such, our event range grows weekly.

Personalised service

We offer you self-explanatory materials in your own language. And that's not all: with DAIMANI, the human touch is always there. If something's not clear, reach out, and you will find someone ready and eager to help.

Integrity and transparency

We know how important compliance, data security and pricing integrity are in today's boardrooms, because they're important to us too. Compliance is essential in a world of ever-increasing regulations, and this was the inspiration for the concept of DAIMANI as a client-side procurement platform.

Authentic experiences

When it comes to sports events, we would love to guarantee that your team will always win. But even we can't do that! What we can do is ensure a friction-free customer experience.

Customer innovations

Our commitment to innovation is not just about our unique SAP technology platform. We are constantly innovating, from our generous reward programme to digital VIP Hospitality access passes, because the customer's interests are at the heart of what DAIMANI is about.

Unrivalled experience

Between them, the cofounders of DAIMANI have several lifetimes' worth of experience at the cutting edge of the global VIP Hospitality and IT industries. We are constantly looking for ways to innovate and reinvent our business.
